Class News

13/3/26 Well, well well! What a busy few weeks in year one, in English we have retold the story "How to hide a lion" using Pie Corbett. We are so impressed with the work they have produced. In maths we have looked at numbers to 50 and started counting in 10s we have also explored measure and length. In PSHE we discussed how to stay safe online through Jessie and friends. What a wonderful Science week we have had! We have made volcanoes, examined mould and explored all of our senses! We are definitely excellent scientists!

24/4/26 Well what a fantastic start to our Summer term! The children continue to write some amazing facts about wolves using Pie Corbett to help them and we have now introduced our new topic: The Great Fire of London. Already the children are fascinated and we are thrilled with their interest. In maths we have consolidated our knowledge of counting in 2s, 5s and 10s and are now looking at creating equal groups and arrays! We have made tasty fruit and veg salads in DT, looked at plants and their growth in Science and examined what a special place is in RE. It is wonderful to share their excitement and enthusiasm for learning! On another eggciting note we have welcomed duck eggs into our classrooms and they are starting to hatch! Its a cracking time in year one!
