

Year Group News Year 1

Class News

24/4/26 Well what a fantastic start to our Summer term! The children continue to write some amazing facts about wolves using Pie Corbett to help them and we have now introduced our new topic: The Great Fire of London. Already the children are fascinated and we are thrilled with their interest. In maths we have consolidated our knowledge of counting in 2s, 5s and 10s and are now looking at creating equal groups and arrays!

We have made tasty fruit and veg salads in DT, looked at plants and their growth in Science and examined what is a special place is in RE. It is wonderful to share their excitement and enthusiasm for learning!

On another eggciting note we have welcomed duck eggs into our classrooms and they are starting to hatch! Its a cracking time in year one!

15/5/26 What a wonderful couple of weeks in year one. We waved goodbye to our beautiful ducklings as they waddled back to the farm. It was a delightful experience. In English and History we have been immersed in the Great Fire of London. We met Thomas the baker and found a fascinating Diary from a man named Samuel. The children produced some outstanding writing and their drama has been enchanting to behold!

In Maths we have been having some fraction action as we have looked at part and whole in relation to halves and quarters.

In RE we have investigated special places leading us to look at churches and synagogues and mosques. The children spoke on how they should respect these places and why they were special to different people.

In Science we have been examining plants and looking at seeds and bulbs.

Our year ones have worked so hard and are looking forward to Great Fire of London day on Tuesday!
