Class News

12/6/26 Year 3 have been learning about plants in science, which has linked nicely to our new text for the Summer term - Welandia! We have already written character descriptions for the main character Wesley and scene settings for the magic that happens in his garden. This will link beautifully to our Hilliers trip, please check for letters and any slips to be returned as we have a few outstanding.

Please ask your child's teacher if you need a replacement letter. In Maths we have just completed our unit on time and will be moving on to geometry. In P.E. We have started athletics and sports day preparations as well as looking at healthy eating and snack choices in D.T.

17/7/26 We have had a lovely end to the school year with our trip to Hillier's last Thursday. The children coped with the heat admirably and showed great enthusiasm for learning. Their knowledge was impressive and the Hillier's staff were highly complimentary about the children's conduct. In class, our writing has been based on the book Welandia, and the children are currently writing booklets to advertise their own imagined lands. We have seen lots of super writing so far and the children are being highly creative and imaginative.

The children have now have a taste of their new classes for next year, and we will continue to visit the new classrooms from time to time in the last few days of term.

It has been a lovely year and we are so proud of how the children have grown in confidence and in their abilities. We hope you all have a wonderful summer!
