Class News 25/9/26

What a wonderful start we have had in Early Years! Over the past few weeks, the children have settled into school life brilliantly and are becoming more familiar with the daily routines and expectations of the day. The children have loved exploring their new classrooms and outdoor learning areas and they are beginning to form new friendships.

In Maths, we have been learning counting songs and rhymes, using actions to help us remember numbers and develop our counting skills. We have also started our daily phonics lessons, where the children are learning new sounds and beginning their early reading journey. Please look out for the phonics stickers sent home each day so you can see which sounds your child has been learning and practise them together at home.

Thank you for all your support so far. There is a lot for the children to get used to during these first few weeks, and we are incredibly proud of how well they are adapting to their new school environment.

- 1 We look forward to sharing more of their learning with you over the coming weeks.
