

Year Group News Year 1

Class News 25/9/26

Welcome to another exciting fortnight in Year 1! We have been very busy with our learning and have enjoyed lots of hands-on activities across the curriculum.

In English, we have been exploring the wonderful story *We're Going on a Bear Hunt*. The children have thoroughly enjoyed re-enacting the story, writing postcards inspired by the journey, and taking part in a special visit to a "cave" where they met a bear. This provided a fantastic opportunity to discuss our feelings and emotions, helping the children develop their speaking and listening skills. There has been lots of enhanced learning linked to the story, encouraging creativity and imagination.

In Maths, we have been focusing on comparing numbers and identifying which numbers are greater or smaller. We have also been learning about one more and one less, using practical resources and games to build confidence and understanding.

Our Geography work has centred around exploring our local area. The children have been discussing places that are familiar to them and learning about features of the environment around our school and community.

In Phonics, we have been revisiting and consolidating the sounds we already know. This recap work is helping the children to become more confident readers and writers as they apply their phonics knowledge in different contexts. We will be moving onto new sounds next week.

In PE, we have been developing our ball skills. The children have practised trapping and controlling a ball, while also learning the importance of teamwork and cooperation.

We are incredibly proud of all the children's hard work and enthusiasm this term. Thank you for your continued support. We look forward to another exciting week of learning ahead!
