

Year Group News Year 3

Class News
25/9/26

We have enjoyed a wonderful start to the school year in Year 3! It feels like we have hit the ground running and we are so pleased with the attitude and efforts of the children. Our English has been based on the poem 'The Magic Box' by Kit Wright. Children have learnt and performed the poem and are now coming up with their own ideas to write their own poems. We have seen some fantastic, creative ideas and can't wait to see the finished work.

In maths, our first unit is about place value in the number system. We are currently learning about numbers up to one thousand, using number lines, place value counters and other apparatus to help develop understanding.

Our autumn science unit is a biology unit about humans and animals. The children have been learning about bones

and muscles and have been getting to know all about their skeletons. You should have had a reading book come home from your child's reading group. They will have read this in school, and reading this at home will help them to build fluency and word recognition skills.

P.E days are Mondays and Tuesdays, but P.E kits can stay in school all week.
